

YOUR NEXT PEACEFUL *holiday*

OUR *recommendations*

This leaflet will give you information about your booking you made this winter. It is our priority to inform you of the applicable procedures in order to guarantee your safety during your stay.

The GSI staff will inform you of the government guidance evolution and of the sanitary measures to be taken immediately.

OUR CANCELLATION *and conditions*

During 2020/2021 winter season, your rental agency GSI offers you flexible cancellation policy.

For your winter bookings, here are our terms and conditions:

Cancellation with refund if the stay has been made impossible:

- by restrictions binding the tenant or the lessor, in the context of the fight against the COVID 19 epidemic: new lockdown, movement restrictions, ban on stays in a second home or any decisions made by the French authorities and/or those of the tenant's country of residence,
- by COVID 19 contamination of the tenant or one of the participants in the stay and subject to the provision of a medical certificate,
- by the statement from the tenant or one of the participants in the stay as a contact case subject to the provision of medical or administrative proof.

A TRAINED *staff*

All our staff members are trained in new welcome procedure which adapts to Covid-19 measures. During your stay and on each GSI agency, a referent will be available to inform you, reassure you and guide you.

Each GSI employee, depending on the position held, undertakes to wear protective equipment to prevent the spread of the virus during their working hours: mask, gloves, permanent access to hydroalcoholic gel.

- Our agencies protocol:**
- Information display in different languages at the entrance of our agency
 - Desk access limited to one person (wearing mask is compulsory)
 - Ground marking to maintain physical distance

in the mountains

A strengthened sanitary protocol

Sanitary rules are our main concern. Therefore, we are implementing, in collaboration with our cleaning service providers, a reinforced sanitary protocol in accordance with the government recommendations.

Your accommodation will be checked before your arrival.

Apartments cleaning

Each apartment will be cleaned and disinfected by professionals following strict procedures.

An even more comprehensive disinfection will be carried out in the contact areas such as door handles, switches, taps, remote controls and any item that may have come into contact with hands.

We remind you that it is essential that everyone takes responsibility by leaving the accommodation as clean as possible after their stay. Cleaning/Disinfection instructions for the apartments will be displayed inside the accommodation.
